

Who we are

We are called **ACEVO**.

We support the big bosses of charities and other groups.

What we are doing

We are asking people what they think of some ideas.

The ideas are like the ideas from these 2 reports.

You can read the 2 reports to find out more:

1. Winterbourne View – Time for Change (2014)

The report is on this website. It is in easy words and pictures (easy read)

**Winterbourne View
Time is Running Out**

A six month progress report by the Transforming Care and Commissioning Steering Group, chaired by Sir Stephen Bubb
July 2015

2. Winterbourne View – Time is Running Out (2015)

The report is on this website. It is in easy words and pictures (easy read)

Who are we asking?

We want to know what lots of people think like:

- people with learning disabilities and their families and carers

- people with autism and their families and carers

- health and care people

- anyone who wants to make life better for people with learning disabilities and autism

The questions we want to ask

1. What do you think about the Transforming Care work?

This work is about closing hospitals that some people with learning disabilities and autism have to live in.

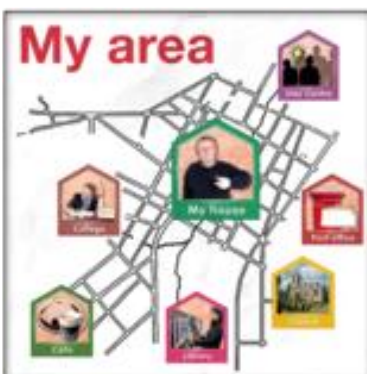

It is about helping people get the right care and support in their local area instead.

2. How do you think the work is going to close hospitals for people with learning disabilities and autism?

3. Do you think it is happening fast enough?

4. Does anything else need to be done to make sure people with learning disabilities and autism get the right support in their local area?

5. What good things are already happening to move people out of hospitals back to their local areas?

6. Do Care and Treatment Reviews help people change their care if they need to?

7. What more needs to be done to make sure people and their families get the support and information they need?

When things are happening

We need people to tell us what they think by **27 November 2015**.

There will be 4 meetings in November to talk about the ideas.

The meetings will be in London, Leeds and Manchester.

Sir Stephen Bubb will lead the meetings. He is our big boss.

If you want more information about these meetings please:

- tell us when you reply to this
- or send us an email or letter. Our details are below

How to tell us what you think

You can tell us:

By email to kate.brittain@acevo.org.uk

Or by post to:

Kate Brittain
ACEVO
Regents Wharf
8 All Saints Street
London N1 9RL

What next?

Your answers will help Sir Stephen Bubb write a new report.

The report will say what he thinks needs to happen to make health and care better.

It will be for groups that make big decisions about health and care like NHS England.
