## **ACEVO's vision is to see civil society leaders making the biggest possible difference.**

Together with our network we inspire and support civil society leaders.

This handbook highlights all the benefits that being part of our network brings, from strengthening your leadership skills to getting the most out of your board and teams, and connecting with your peers.

This course covers so much! It gives you great frameworks and approaches to understanding yourself, your peers and your team. I learnt so much about myself, my strengths and where I can get in my own way! It was helpful to have regular, dedicated time every fortnight to talk through ideas and experiences with a great group of people from across the sector. The 360 review was a goldmine of learning and insight and came at just the right time in the course to add value to every session. I would really recommend if you're working on your career development, or are in a leadership role."

**Charlotte Walshe, Partnerships & Impact Director, In Kind Direct**

## Policy and research

ACEVO provide an inspiring, collective campaigning voice for its members and represent their interests in key areas of importance to civil society.

ACEVO helps to shape the agenda and ensure our members' voices are heard by those who have the power to effect change. By stimulating debate, we lead the improvement of the sector and stronger leadership, achieving political change by campaigning and pursuing reforms.

You can check the topics and themes ACEVO focus on in the influencing section of the website. In addition to upholding our core principles, we are also committed to providing proactive and responsive assistance to our members, especially during times of crisis like the Covid-19 pandemic and the cost of living crisis.

In 2023 we launched Home Truths 2, a new programme designed to challenge and support mainstream UK civil society to take serious practical action on anti-racism and race equity.

## Policy updates and briefings

ACEVO keep members updated on big issues ranging from climate emergency, EDI and parliamentary matters. We produce regular blogs and member briefings which are published on the website and authored by the ACEVO team or our expert partners.

“

ACEVO is a distinctive voice for leaders in the third sector. It's important to me that there is a voice for sector leaders which is separate and distinct from the sector organisations. We have different things to say and we need to be able to say them, ACEVO is very effective at putting that voice across to whoever needs to hear it, whether that's to government, the media or to other sector bodies.”
